

MANY CASES FOR TRIAL THIS TERM

Session of Petersburg Hustings Court, Beginning To-Day, Marked By Heavy Docket.

WORKING FOR A HOSPITAL

Anti-Tuberculosis League to Establish One as Soon as Funds Are Available.

Times-Dispatch Bureau, 109 North Byram Street, Petersburg, Va., July 15.

The July term of the Petersburg Hustings Court begins to-morrow with a lengthy and interesting docket, embracing charges of house-breaking, grand larceny, assault, etc. The most interesting cases of the docket are those which involve Pastor T. J. McKenney, of the Harrison Street Baptist Church, on serious charges. A number of lawyers will appear in these cases, both for the prosecution and defense.

Anti-Tuberculosis League.—It is the purpose of the Anti-Tuberculosis League, of Petersburg, to establish a dispensary and a hospital for the care and treatment of patients as soon as sufficient funds have been collected to secure this desirable end. All persons in the city who feel an interest in the work contemplated will be invited to become members and unite in the movement to improve the health of the community and a membership committee has been appointed to secure names and receive dues. Mr. William R. McKenney is the president of the league, and he is lending his energies and influence towards making the movement a success.

Senator Charles T. Laxister has accepted the invitation of the Ladies' Memorial Association to deliver the address on the afternoon of July 15th at the dedication of the beautiful iron and stone stand erected in Blandford Cemetery by the association to the memory of Petersburg soldiers who fell during the war of 1861-65. The day selected is the anniversary of the battle of the Crater, fought almost within view of the site of the stand, in which Petersburg soldiers took glorious part. The occasion will be made a memorable one; business in the city will be generally closed in honor of the event, and thousands of our people will join in the ceremonies.

Personal Intelligence.—In the parlors of the Stratford Hotel last evening Mr. John T. Harris and Miss Mamie Hart, both of Emporia, Va., were united in marriage, the Rev. Hugh C. Smith, of Emporia, performing the ceremony. The couple left for Southwest Virginia to spend their honeymoon.

Thomas J. Harwell, of this city, and Miss Lillie Johnson, of West Point, Va., were quietly married in Washington, D. C., to-day.

Information has been received of the promotion from second to first lieutenant in the army of Lieutenant John E. Townes, Jr., of this city. Lieutenant Townes is the son of Mr. John E. Townes, and is attached to the Coast Artillery, stationed at Fort Ward, near Seattle, in Washington State.

Miss Martindale, the well known nurse for the King's Daughters, has under her special care and treatment six consumptive patients, who are getting along satisfactorily.

Captain Asa Rogers, who has been confined to his home by sickness for some days, is improving.

Miss Margaret T. Morgan, a capable nurse at the Petersburg Hospital, was operated on for appendicitis Monday evening, and is getting along well.

Rocky Mountain, of July week, Miss Ella Ledford, formerly of this city, and a sister of Mr. Robert Ledford, was married to Mr. George Woods. The marriage took place in church at Rocky Mountain, and was a pleasant surprise to her many friends.

Brief News Items.—The neighboring city of Prince George enjoys the honor of having an empty jail. It has been some time since a prisoner was locked within its walls.

The drought is being seriously felt in this section. No rain of consequence has fallen for several weeks, and under the effects of the hot sun vegetation is withering and unproductive.

It is reported that there will soon be a third candidate in the field for the office of High Constable of Petersburg. The election does not take place until next year, and it looks as though an

MR. KERN TALKS ON RURAL LIFE WORK

His Address at Sumner School One of the Features of a Very Interesting Week.

[Special to The Times-Dispatch.] CHARLOTTESVILLE, Va., July 15.—One of the most interesting addresses given thus far in the program arranged for Rural Life Week at the University of Virginia was the illustrated lecture in Cabell Hall last evening by Superintendent O. J. Kern, of Winnebago county, Ill. "Along Country Roads in an Educational Way" was the theme used by Superintendent Kern in a manner that not only delighted the large body of teachers in attendance, but inspired them with a determination to go back to their work next year prepared to put into effect some of the means of bringing to their schools the vitalization of life which comes from activities along the lines of improved conditions of teaching, improved grounds, equipment and the teaching of those things which elevate the home life of the community.

Superintendent Kern is an educator who talks not of theories learned from a book, but of the things actually accomplished by himself and by others with whom he has worked and associated. The schools of Winnebago county, Ill., are known the country over for what has been accomplished as the result of the personal efforts of Mr. Kern, who has for ten years given his life to the active work of solving rural school problems in his capacity as county superintendent of schools.

In addition to Mr. Kern's regular address he has been of great assistance in the conferences which have been held in the past two days. His counsel is valuable because he has put not only his heart, but his hand, to the work of bringing better things to the community life through the medium of the public school.

Ed morning there is held a special conference of the leaders, with the city and country superintendents and visitors for the purpose of formulating a general aim for the betterment of rural life and to discuss the elements which enter into the realization of this aim. This promises to be one of the most valuable features of the entire conference.

The keen and intelligent interest shown by the teachers in the conferences held thus far justify the special efforts made in calling the conference. Enough has been accomplished already to justify Dr. Payne and his associates in arranging the conference, and there is no question but that the ultimate good will be greatly in excess of the most ambitious hopes of the promoters, not only for Virginia, but for the twenty-four other States represented.

SUIT THROWN OUT OF COURT.

Demurrer Sustained in Action Brought by Miss Wright.

[Special to The Times-Dispatch.] SUFFOLK, Va., July 15.—The \$10,000 damage suit of Miss Mary L. Wright against the Atlantic Coast Line Railroad Company was thrown out of court by Judge McLemore sustaining a demurrer of the defendant company.

Last October at Deans, Va., Miss Wright was crippled for life, and her mother was killed, by a freight train. To-day's decision also affects a suit for \$1,000 amount brought by the mother's administrators. Deans being a flag station, the Wrights mistook the freight for a passenger train, and stood upon the tracks to flag it. The suits may be taken to the Supreme Court.

[Special to The Times-Dispatch.]

RALEIGH, N. C., July 15.—Neshan Manasian, a young Armenian, was given two years in the penitentiary to-day for a murderous assault on his fifteen-year-old sister, Mary. They lived six miles from Raleigh. Mary had gone for a walk on the evening before with friends against the will of her father. He upbraided her for it, and she ran. He fired at her, the bullet taking effect in the girl's hip. She was in the hospital three weeks.

Money for Firemen.

Fifty-one towns in North Carolina will within the next few days receive from the State Commissioner of Insurance, Hon. James R. Young, checks for their proportionate part of the tax imposed by the last Legislature on insurance companies doing business in the State, for the creation of the "Firemen's Relief Fund," to be expended by the respective town authorities for sick and injured firemen and their families under restrictions specified by the statute. This tax on the insurance business is one-half of 1 per cent, and applies to all towns where the annual premiums on fire insurance amounts to as much as \$6,805.19. These funds in the several towns are to be disbursed through local trustees selected by the firemen.

The State Association of County Superintendents.

The State Association of County Superintendents is to meet in annual session at Morehead August 26th, 27th and 28th, the purpose being a conference between the State Superintendent and Public Instruction and his co-workers, the county superintendents. The State law requires the attendance of every county superintendent unless hindered providentially. State Superintendent Joyner says there is sure to be the largest attendance this year in the history of the association.

The Reliance Paper Box Company is chartered, with \$25,000 capital, by W. H. Toy, H. R. Scott and others. Another charter is to the Snider-Rainey Company, of Salisbury; capital, \$15,000; by A. H. Snider, L. A. Rainey and others, for the wholesale grocery business.

Governor Glenn offers \$200 reward each for the murderers of John H. Morris, killed so brutally in his home, near Monroe, Saturday night. There are believed to have been two of the burglars. Morris was shot in his bed while the burglars were searching for money he was known to have.

The plant and good will of the Raleigh Evening Times was to have been sold to the highest bidder by Receiver Pease to-day to satisfy about \$15,000 indebtedness, but Judge Neal made an order calling off the sale on the ground that creditors are now satisfied that the debts of the paper can be liquidated in time by the Times Company, the receivership to be dissolved very soon. This means that Mr. John C. Drewry will retain the controlling interest in the paper, and that Mr. J. V. Sims will continue as business manager and part owner.

NORTH CAROLINA BOOKLET.

July Number, Just Issued by Daughters of Revolution, of Special Interest.

[Special to The Times-Dispatch.] RALEIGH, N. C., July 15.—The North Carolina Society, Daughters of the Revolution, have issued the July number of the North Carolina Booklet, the splendid publication through which they are raising funds for their patriotic enterprises, notably just now, the

bronze memorial to ladies of the "Edenton tea party," to be unveiled in October in the rotunda of the State House. This number of the booklet is well up to the high standard for which this invaluable publication has won recognition as a powerful factor in the promotion of North Carolina's historical interests and abundantly deserves a place in the home of every patriotic North Carolinian.

In the July number, Mr. R. D. W. Connor writes forcibly of the career of John Brown as a factor in the American Revolution; Mr. Clyde L. King writes of "the military organizations of North Carolina during the Revolutionary War." There is also reproduced the sermon by Rev. George Micklejohn before Governor Tryon and his troops before the famous Orange campaign. There are other valuable features, including biographical sketches of contributors by Mrs. E. E. Moffitt, who, with Miss Mary Hilliard Hinton, edits the booklet so successfully and creditably without any compensation.

TAKE DESERTERS TO NORFOLK.

Men Who Left the Iowa in Custody at Winston-Salem.

[Special to The Times-Dispatch.] WINSTON-SALEM, N. C., July 15.—Police Officer Bryan received a telegram from a navy officer at Norfolk, Va., this afternoon directing him to bring Thomas H. Martin and Jesse A. Powell, who had fled from the Iowa several weeks ago, to that city at once. Martin and Powell were arrested last week while beating a ride on the railroad. They will be taken to Norfolk to-morrow.

The two men, with other prisoners, came near escaping from jail last night. They had gotten out of the cell, and were cutting a hole in the brick wall when their plans were discovered by a negro woman, who notified the jailer.

ONLY HOT BOX RESULTS FROM UNLUCKY THIRTEEN

[Special to The Times-Dispatch.]

HIGH POINT, N. C., July 15.—A strange coincidence happened here Monday. It was the 13th day of the month and engine 1413 with thirteen cars pulled out of the station here for Asheville at 9:13 o'clock. Depot Agent Schaub said with such an unlucky combination he had looked for a wreck before the train reached its destination, but everything passed off all right until the train reached the thirteenth mile post, when a hot box caused a short stop. All this happened as a matter of fact, and without any prearrangement. Had it been on Friday, said Agent Schaub, the train would undoubtedly have been wrecked, as it could not possibly have stood such a series of hoodlows.

Forage Poisoning Among Stock.

[Special to The Times-Dispatch.]

DURHAM, N. C., July 15.—Forage poisoning is now prevalent in parts of the State. It comes from forage cut in low meadows and marshy places. General J. S. Carr, at Ocotillo, N. C., came near losing five horses and four mules, fine stock, from this disease. A veterinary surgeon has been busy working on them, but they are now out of danger. In Granville, in the Creedmoor section, many animals are also stricken with the same disease. There have been no deaths, but they are very sick animals.

S.S.S. NATURE'S PERFECT TONIC

There is scarcely any one, no matter how vigorous and healthy, who does not need a tonic sometimes. Little physical irregularities upset the system, the appetite fails, digestion is poor, the body feels tired and worn-out, and other unpleasant symptoms give warning that the system is disordered and needs assistance to ward off, perhaps, some serious sickness or ailment. S. S. S. is recognized everywhere as the best of all tonics, nature's medicine, made entirely of healing, cleansing, invigorating roots and herbs, a systemic remedy without an equal. S. S. S. has the additional value of being the greatest of all blood purifiers. It re-establishes the healthy circulation of the blood, rids the body of that tired, worn-out feeling, improves the appetite and digestion, and brings back to the system those whose systems have been weakened or depleted. S. S. S. acts more promptly and pleasantly than any other medicine, and those who are run down in health should commence its use at once. It will thoroughly purify the blood and tone up the system. S. S. S. is admirably suited for a systemic remedy because it is free from minerals; it may be used without harmful results or unpleasant effects by persons of any age.
